

COAST GUARD SECTOR HAMPTON ROADS PASSPORT FACILITY

Hello! Sector Hampton Roads offers assistance to obtain a red military passport for members who receive official travel orders overseas. We can accept, review and process applications for members who have never had a passport, need to renew a passport, or need a visa to travel to the country they have been assigned to.

As of now, Sector Hampton Roads cannot process tourist (blue) passports for members, but can lead you in the right direction on how to get started.

To begin the process of obtaining an official red military passport, or if you have questions about the passport process, please contact the passport facility email listed below:

USCGSECTORHRPASSPORTFACILITY

Please ensure to include in your email the following if applicable:

- A copy of your travel orders
 - Flight Itinerary
- If dependents will be traveling
- If you already have a blue or red passport
 - Any additional questions

Our facility is a one stop shop for passports. We can fill out the application with you, take your passport pictures, and send off the application.

Once the application is sent off, CG Headquarters updates us via email on the status of the passports and if they have any alibis regarding it.

Overseas travel can be overwhelming, and we thrive to ensure that we can add a little ease to the process.

We look forward to speaking with you!

Very Respectfully,
Sector HR Passport Facility
